Forecast For Wales
Issued by Met Office Exeter
at 1600 on Monday 07 Jun 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Warm and sunny start, but cloudier later into the week.

This Evening and Tonight:
Staying dry overnight with any remaining cloud soon fading to give clear spells for most, though some western areas may see patchy cloud persist Perhaps a few mist and fog patches developing around dawn. Feeling cold in prone rural areas. Minimum temperature 5 deg C (41 deg F).

Tuesday:
Any lingering fog and low cloud soon clears to give a dry day with plenty of sunshine across the country. Feeling warm but cooling overnight as skies also turn cloudier. Maximum temperature 22 deg C (72 deg F).

Outlook for Wednesday to Friday:
Cloud moving in from the west through Wednesday, with outbreaks of light rain. Cloudier Thursday and Friday, but with less rain. Fog forming Thursday night and into Friday morning.
